Technology and products conformity with **organic farming requirements**.

HYSTORY OF THE COMPANY

2011

The company started operating at the **micro fertilizer market** as the exclusive representative of some European producers

HYSTORY OF THE COMPANY

The micro fertilizers **production plant** started functioning

HYSTORY OF THE COMPANY

2015

The first product line of foliar fertilizers was launched under the brand **ECOLINE**

Boron Products

Ecoline Boron Organic
Ecoline Boron Premium

Phosphite products

Ecoline Phosphite K
Ecoline Phosphite K-Amino
Ecoline Phosphite K-Zn

Monochelates

Ecoline Zinc, Ecoline Copper,
Ecoline Manganese, Ecoline Iron,
Ecoline Calcium-Boron

Complex Chelates

Ecoline Fruit, Ecoline Magnesium,
Ecoline Grain, Ecoline Leguminous,
Ecoline Beets, Ecoline Oilseeds,
Ecoline Corn, Ecoline Molybdenum,
Ecoline Universal Growth

HYSTORY OF THE COMPANY

2016

ECOORGANIC obtained
certificates
ISO 9001:2015
and
Organic Standard

HYSTORY OF THE COMPANY

2017

Development of international sales activities,

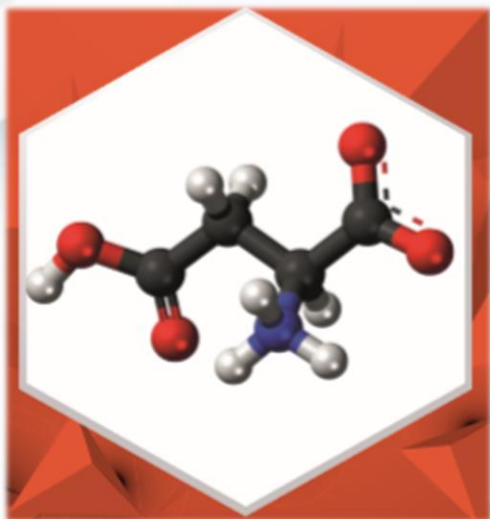

entering European market, in particular
Lithuania, Georgia, Moldova

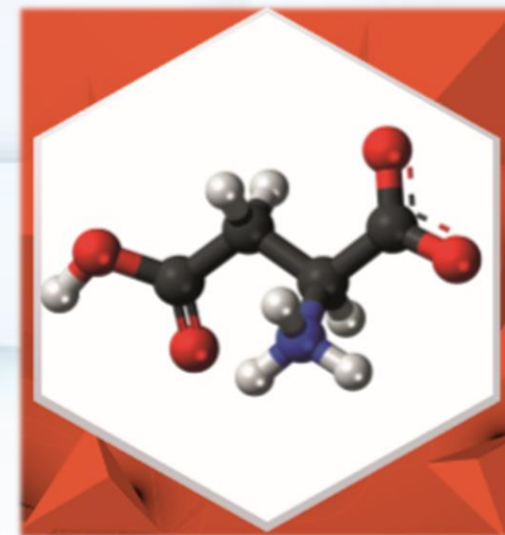

HYSTORY OF THE COMPANY

2017

A new unique premium product line
containing **L- α -aminoacids** and **phytohormones**
was launched under the brand **GROS**

Gros Health
Gros Quicelium
Gros Root Growth
Gros Amino Mg
Gros Amino Zn
Gros Phosphite LNPK
Gros Phosphite NP
Gros Phosphite Mg
Ecoline Universal Growth Amino

HYSTORY OF THE COMPANY

2018

Upgrading of the plant
in order to increase production
and storage capacities

HYSTORY OF THE COMPANY

2019

A new line of complex start NPK fertilizers was launched under the brand **FITOSTART**

ЛІНІЙКА ДОБРИВ
«ФІТОСТАРТ»

Fitostart Power

Fitostart Energy

Fitostart Sprint

Fitostart Fast

Fitostart Jet

Fitostart Balance

Fitostart Potassium

HYSTORY OF THE COMPANY

2019

ECOORGANIC laboratory
was equipped with
Ion Chromatography System
Dionex™ ICS-4000

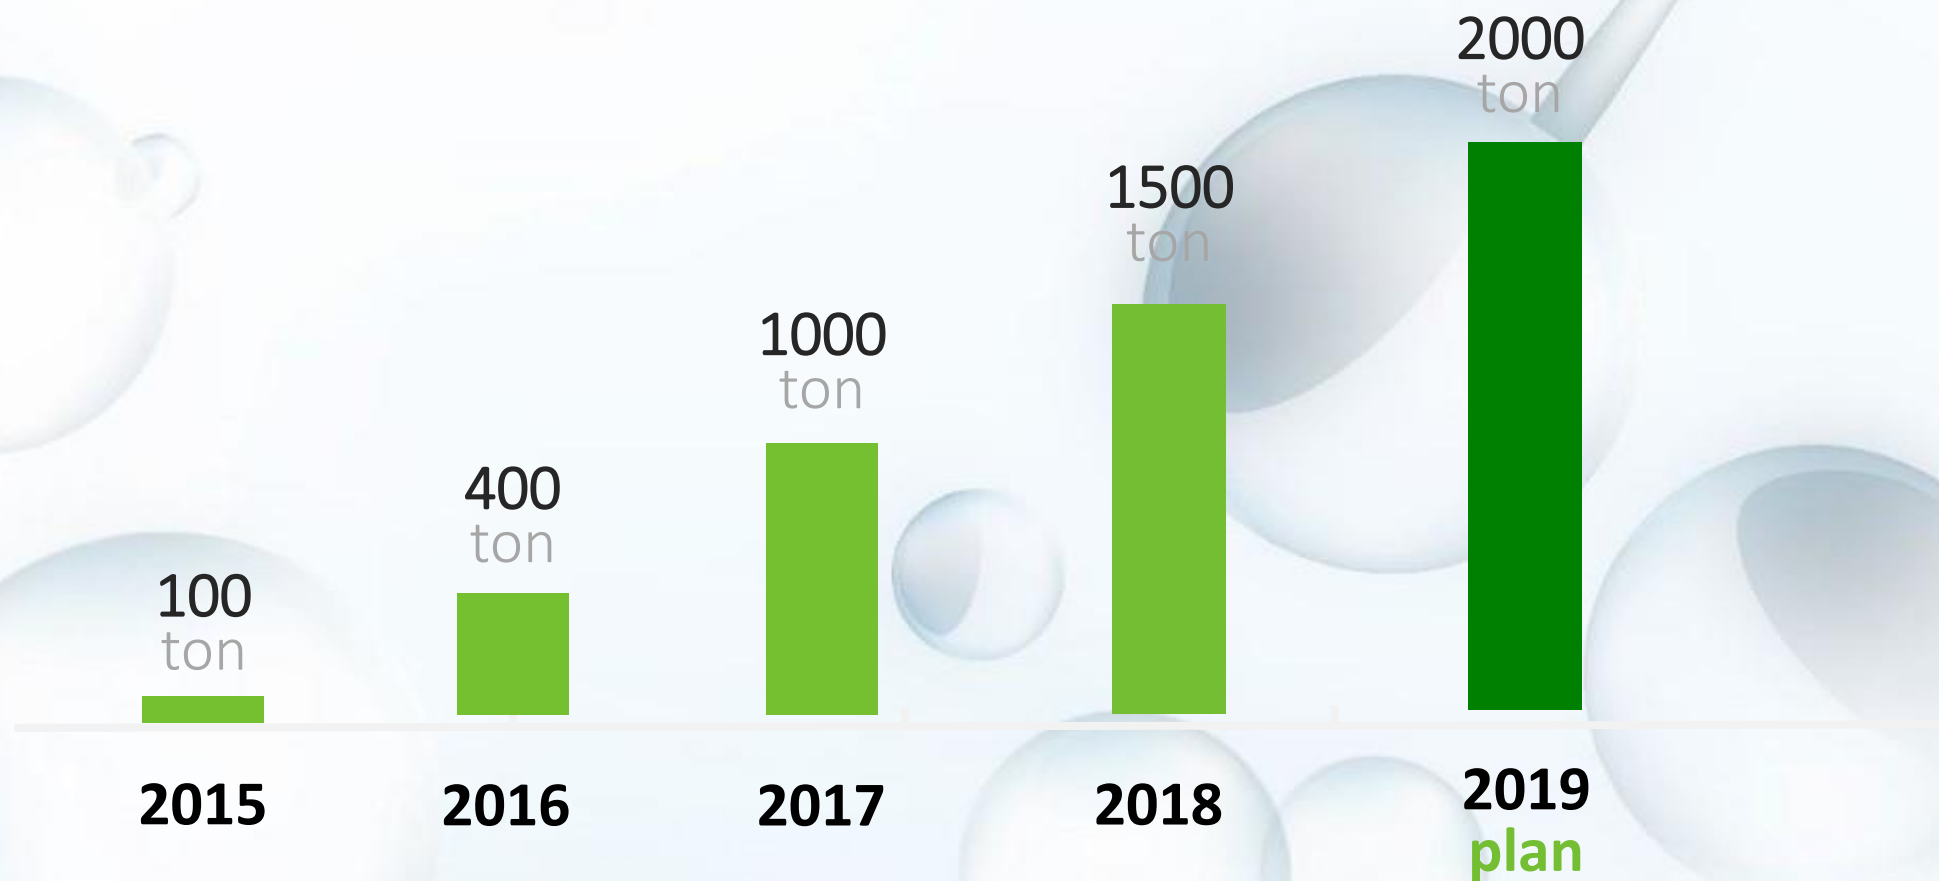

ECOORGANIC PLANT TODAY

9 modern reactors

Production capacity **60 000 l** per day

ECOORGANIC FERTILIZERS PRODUCTION DYNAMICS

OUR TEAM

more than **30** qualified specialists

3 PhD Agricultural Sciences

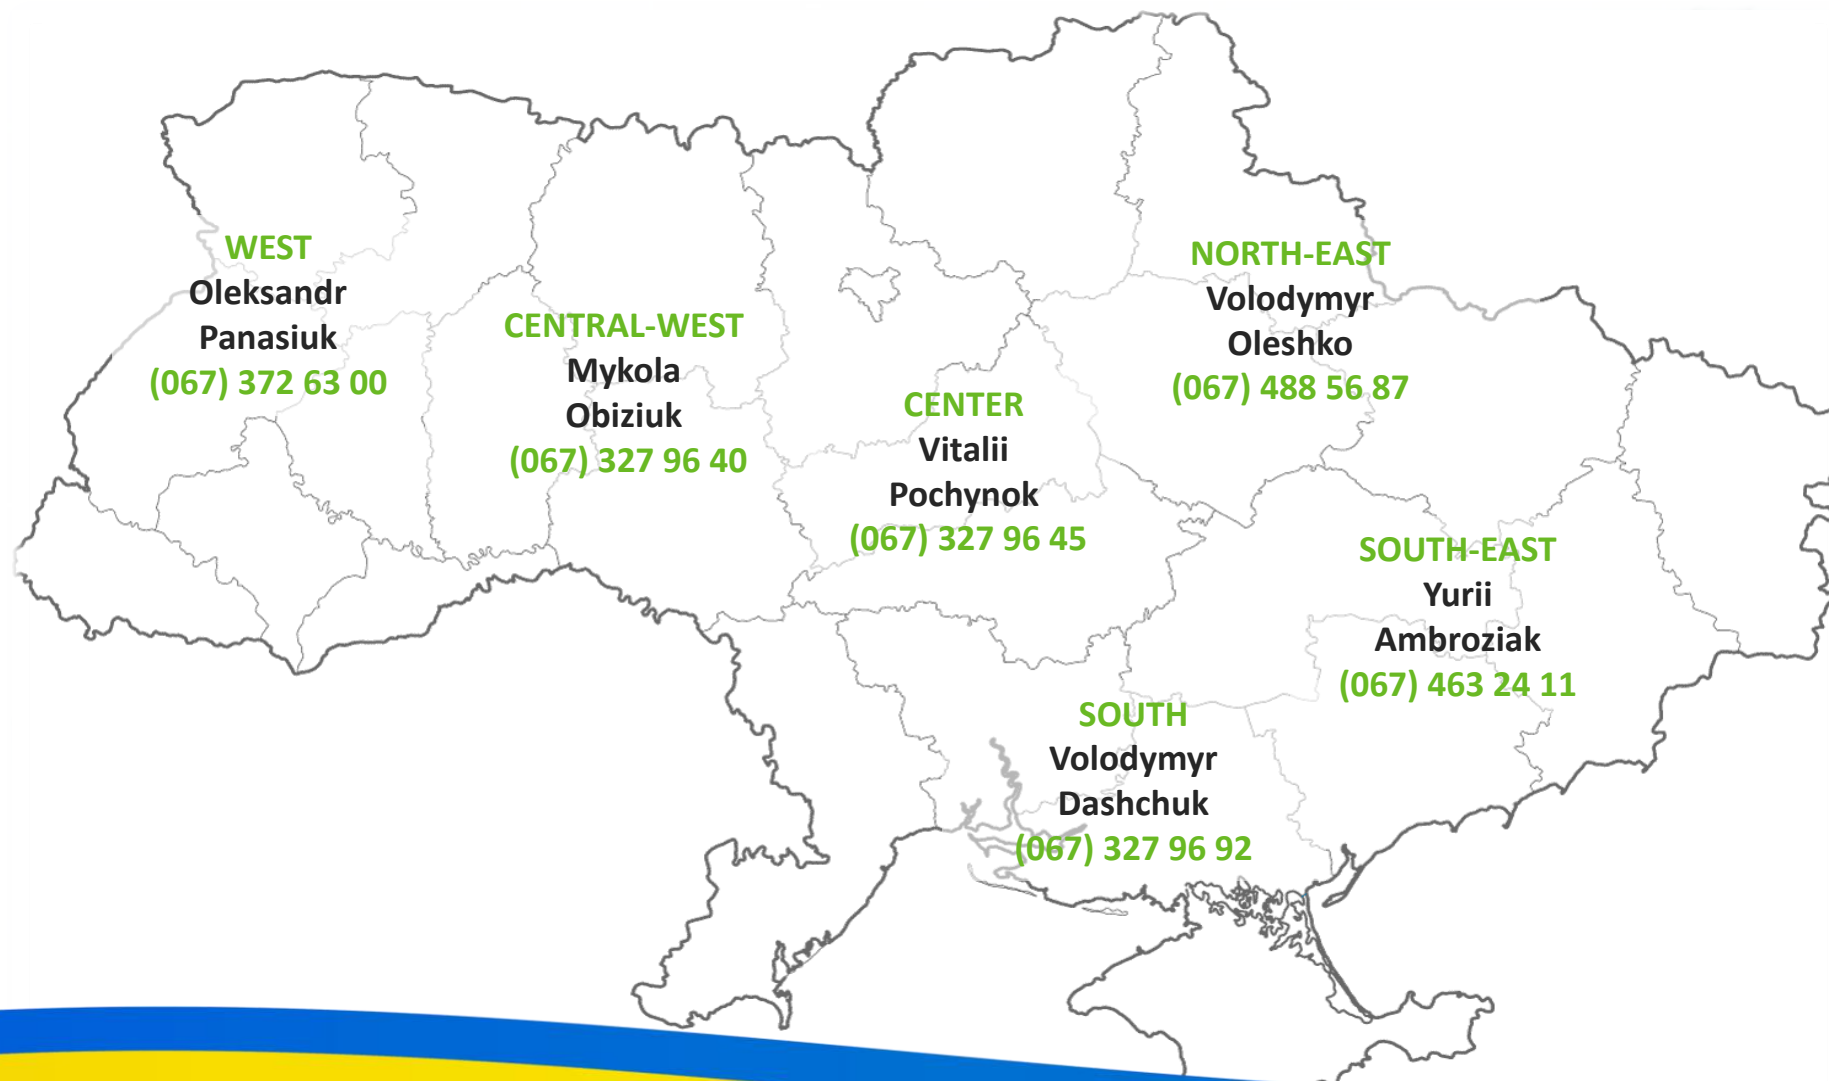

2 PhD Biological Sciences

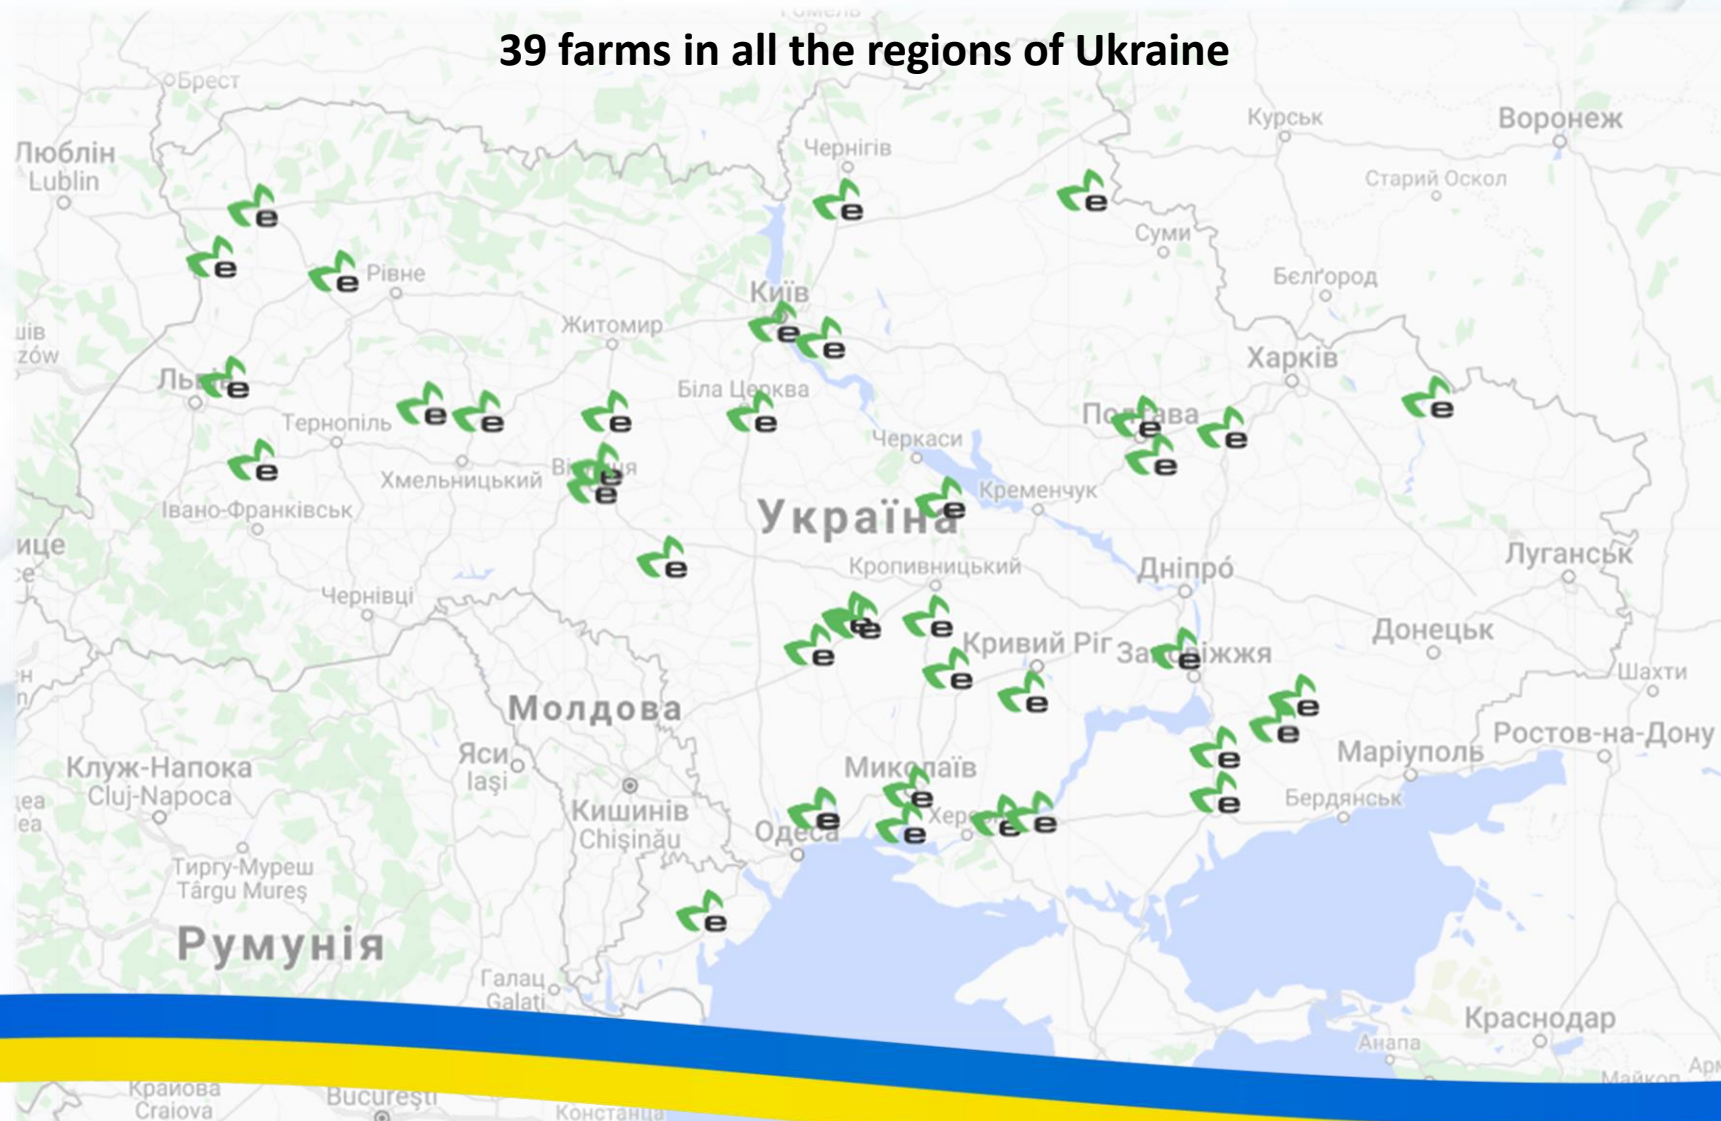

1 PhD Chemical Sciences

REGIONAL REPRESENTATIVES

TRIAL FIELDS 2019

39 farms in all the regions of Ukraine
